CUSTOM ENGINEERED PROFILES.

Not standard?...No problem! Send us your drawing or design for a prompt, competitive proposal. We can ship full lineals or cut-to-size sections. State-of-the art extrusion presses can accurately produce your profile from fractions to several inches in profile length and width. Most common extrudable alloys are available!

GLOBALLY COMPETITIVE UNIT & TOOLING COSTS.

We offer globally competitive costing that contributes right to your bottom line. Our tooling costs keep your initial investment to a minimum, and furthermore for qualifying programs, tooling costs can often be fully absorbed!

COMPLETE LINE OF VALUE-ADDED SERVICES.

Single-source responsibility is what you want, and that's what you get with Gupta. We can furnish your extrusions complete with powder-coating, CNC machining, vibratory finishing, anodizing, fabrication, etc.

JUST IN TIME DELIVERY.

Just-in-Time. Extrusions exactly the way you want them, exactly when you want them. Convenient and hassle-free. No long lead-times. No need to wait for your material. Programs can be set-up to ship within 48 hours after your release...now that's reducing your inventory!

With all of the time and money you invest each and every day into making your product the best it can be, why would you entrust the manufacturing to anyone else but the best? After all, it's your name on the box! So whatever your contract manufacturing needs might be, allow Gupta Permold's world-class staff the privilege of working on your next project ... and *Gain the Advantage!*
